Zonta Mission Statement:

**"Zonta International is a leading global organization of professionals
empowering women worldwide through service and advocacy"**

Since 1919, Zonta members have worked to improve the legislative, political, economic, educational, health and professional status of women throughout the world.

One Woman at a time;

One Community at a time.

Zonta International envisions a world in which women's rights are human rights and every woman is able to achieve her full potential. In such a world, women have access to all resources and are represented in decision making positions on an equal basis with men. In such a world, no woman lives in fear of violence.
